

Course Description

Framing Opportunities for Effective Data-Driven Decision Making (KLplus CPE Course)

Description:

In this course, you will learn how to frame a problem by asking the right questions and identifying and testing assumptions. You'll also learn how to create an effective problem statement. This course was developed with experts in the subject matter provided by the International Institute for Analytics. (www.iianalytics.com)

Learning Objectives:

Upon completion of this course, the learner will be able to:

- Discover the subject areas that will be covered in this course
- Identify the steps you take to ensure that your decision making is data-driven
- Identify the right questions to ask to narrow down the problem
- Recognize the steps for testing and validating assumptions
- Identify the steps to create an initial problem statement
- Recognize the key activities for refining and finalizing problem statements
- Knowledge Check: Taking Action to Frame Opportunities for Effective Data-driven Decision Making

Estimated Course Duration: 24 minutes (0.5 CPE credits)

Delivery Method: Online Self-Study

Field of Study: Statistics

Program Level: Basic

Prerequisites: None
